

PRESS RELEASE MUSIC FOR BUSINESS – WE CONNECT THE WORLD OF BUSINESS WITH MUSIC

Closer Music Production & Publishing Company offers comprehensive and modern music licensing solutions for the broadly understood B2B area.

Through specialized partners, we provide songs for playing in public places. Our sounds are already making time spent in a shop, bank, spa, restaurant, hotel, fitness club or health center more pleasant for consumers, both in Poland and around the world, which has a positive impact on their mood and shopping decisions.

“Our mission is to improve the quality of the music around us. For this purpose, we have created a team of young talented Polish artists who produce high quality songs for us, delivered by talented vocalists from the USA” – says Piotr Kabaj, Closer Music CEO.

With our simple music licensing offer for artists, film and video makers, creative agencies, production houses and public spaces, we help our clients achieve their business goals and take their projects to the next artistic level .

We combine the features of a music company with a publisher. We have a very diverse music catalog ranging from EDM Pop to first-rate jazz to suit the different business needs of our partners.

In the current global pandemic environment, the creation of repertoire for our music library has evolved into an important and responsible commitment by Closer Music to maintain jobs for hundreds of Artists and Producers.
