PRODUCTION & PUBLISHING  
COMPANY

## LET'S PLAY TOGETHER!

---

**Closer Music**, founded by leading professionals from the music publishing and recording industry, is the producer and sole owner of full rights to high quality premium music catalogs within thousands of tracks.

Our products and services are responding to the needs of demanding customers who are looking for professional service 100% legally safe, within comprehensive and modern music playing solutions for any kind of business.

Closer Music provides a deep catalog of high-quality music to be played in any kind of business.

Own music production studios and cooperation with the best music composers and producers from around the world guarantee the unique quality of tracks from various music genres.

The music produced by Closer Music is distributed through a network of suppliers / distributors to commercial entities such as shopping malls, supermarkets, specialty stores and boutiques.

Currently Closer Music is played in 26 countries in around 29000 locations directly and by partner distributions.

The sounds from the company's catalog make the time spent in public places pleasant for consumers, both in Europe and around the world, which positively affects their well-being and purchasing decisions.

Closer Music is also the place of a comprehensive music licensing service for media, software, game / application producers as well as film, video and advertising formats.
